

**UNITED STATES DISTRICT COURT
DISTRICT OF NEVADA**

UNITED STATES OF AMERICA,

Plaintiff,

v.

LATONIA SMITH,

Defendant.

Case No.: 22-CR-051-MWM

ORDER

On January 8, 2025, this Court ORDERED that Defendant LATONIA SMITH, Bureau of Prisons (“BOP”) Number 55918-048, “remain at FMC Carswell” until further order from this Court. Dkt. # `237.

It is now ORDERED:

- Defendant is to be transferred from FMC Carswell to Las Vegas, Nevada, where she will be housed at the Nevada Southern Detention Center, throughout the pendency of the upcoming trial which is scheduled to commence on June 12, 2025. That transportation and housing is subject to the following conditions:

- 1 • The FMC Carswell will provide defendant with the next injection of her
2 antipsychotic medications on May 20, 2025, which is currently Aripiprazole (brand
3 name of Abilify; 400 mg).
- 4 • Defendant shall not depart FMC Carswell **until May 21, 2025**, to prevent and avoid
5 any interruption in her medications.
- 6 • FMC Carswell will provide a seven-day supply of defendant's other medication,
7 Sertraline (brand name Zoloft; 100 mg daily), for use during defendant's period of
8 transportation. Defendant will be provided this medication daily at every facility in
9 which she is housed during her transport.
- 10 • The transportation of defendant shall take the most direct route from FMC Carswell
11 to the Nevada Southern Detention Center, and defendant will arrive at that location
12 **no later than May 27, 2025**. The most-direct route is necessary and required to
13 reduce the risk that Defendant be separated from, or not receive, any prescribed
14 medications during transit from FMC Carswell to Las Vegas.
- 15 • It is further ORDERED that Nevada Southern Detention Center shall prescribe the
16 defendant with the precise same medications she is receiving at FMC Carswell, and
17 shall not substitute any similar or related brands. Should the Nevada Southern
18 Detention Center wish to modify the medication regime established by the FMC
19 Carswell, the institution must first notify counsel for defendant and demonstrate the
20 medical necessity of proposed medication change. Defense may bring any
21 appropriate challenges to such proposed changes before this Court.

22 IT IS SO ORDERED.
